Every year,
over **1.2 million**
students drop
out of high
school in the
United States
alone.

3½ X

The unemployment rate
of high school graduates is
three and a half times
that of college graduates.

About **25%**
of high school
freshmen fail to
graduate from
high school
on time.

Americans with
a minimum of
a Bachelor's
degree earn
approximately
\$18,000 more
per year than
those without a
college degree.

7,000

**7,000 high school students drop out every day,
that's one student every 26 seconds.**

40% of US students are
required to take a remedial
college course.

Education **spending per
student has doubled** since
1971, but reading and math
skills have shown
no improvement.

PERCENTAGE OF
UNITED STATES
STUDENTS WHO DROP
OUT OF HIGH SCHOOL

66% of US
high school
HONOR
students **fall
behind in
college!**
